Jen

Thank you so much for this.

It's fantastic for us to be awarded this Lincoln County \$2500 grant towards emergency preparedness in Yachats.

This and the \$6500 contribution from the Overleaf/Fireside Hotels, together with funds allocated by the City,

means that we will at last be able to go ahead with this important project.

I have attached the unsigned RFR document and the City's W9.

Katherine Guenther, the Yachats City Planner (copied on this), was the City's authorizing agent on our application.

However, based on our conversation I understand that you want the outgoing City Manager to sign the RFR and return it to you. So I will forward the unsigned document to Heide separately, with a request that she sign and send it on to you.

I appreciate that time is of the essence, as your final deadline is May 10.

Many thanks again.

Best regards

Alex

Hi Alex, you'll need to have the City sign off on the RFR as the funds will be paid to the City.

You will need to estimate how you plan to spend your funds by those categories. The amount should equal the amount of your total project estimation and the amount of the county award. So box 28 should equal your project award amount.

Here is a revised form as we left off a spot for the signature. So a City Rep will need to sign.

Jenny  
I have our W9 ready to send you, but am unclear as to how to fill in sections 17-28 of the Grant RFR.

Are the estimated expenses the total project cost, or those of the \$2,500 grant?  
Is Section 27 - Required Agency Match Amount - 50% of the \$2,500 grant?

Many thanks

Re. YACHATS FIRE STATION CONEX

Attached are a spreadsheet budget and the draft MOU for the above project: the placement of a container of emergency supplies, belonging to the City, adjacent to the Yachats Fire Station.

I'm pleased to report that the Fireside and Overleaf Hotels have joined us as a partner. Their contribution of \$6,500 and materials reduces the cost of the project from \$24,352 to \$17,852.

Following on last year's budget item, we propose that the City spend \$17,852 on the purchase and delivery of a used 20' container and its contents; and conclude and sign a Memorandum of Understanding with the Fire Dept.

The sum of \$17,852 is approximate as prices do change as time passes. Lately, the cost of containers has been going down.

The Committee has applied to Lincoln County for another emergency preparedness grant of \$2,500. We're told our chances of getting it are good. If we receive this, the City's spend on the Fire Station conex project will be reduced to \$15,352.

Items on the spreadsheet with a green background are perishables. The emergency bars have a listed shelf life of five years (though the Fire Chief reports they last longer); water in the SOS containers needs to be replaced after five years; and the batteries have a shelf life of ten.

We hope that the Works and Streets Commission will bring this to the Council.

Many thanks

## Community Emergency Cache Memorandum of Understanding

This Memorandum of Understanding (MOU) between the Yachats Rural Fire Protection District (YRFPD) and the City of Yachats establishes principles associated with the emplacement of a twenty-foot (20') shipping container (conex) by City of Yachats on YRFPD property.

BACKGROUND: This portion of the Oregon Coast is subject to potential natural disasters such as: wildfires, earthquakes and tsunamis. To prepare for this, local governments are establishing caches of emergency basic survival supplies for the benefit of survivors until outside agencies can bring supplies from unaffected areas. YRFPD has been accumulating such supplies for many years. City of Yachats also desires to accumulate such supplies in a secure means and in a relatively survivable location. YRFPD currently has adequate space near its main fire station at 2056 Highway 101 N for a twenty foot long shipping container (conex) and outside of the tsunami inundation zone.

AGREEMENT: YRFPD and City of Yachats agree to the following. City of Yachats shall be allowed to place a twenty-foot conex on YRFPDs property subject to the following conditions:

- YRFPD will designate the location for the conex and will attempt to provide easy access without compromising access to and around YRFPD facilities by YRFPD vehicles.
- If it becomes necessary to move the conex, for building maintenance or other YRFPD determined reason, such move will be coordinated with City of Yachats and paid by YRFPD.
- City of Yachats shall retain sole ownership of the conex and anything stored therein.
- YRFPD assumes no responsibility for protecting either the conex or its contents.
- Each party to this agreement will ensure that the other is covered by party's liability insurance and will provide proof of same within 15 days of the effectivity of this MOU.
- City of Yachats will have unlimited access to the conex through prearranged dates and times, so as not to interfere with YRFPD operations.
- YRFPD can limit the amount and type of flammable liquids or corrosives to be stored in said conex. YRFPD retains absolute sole right to determine if something is a hazard, even if not listed above, and, if it is so determines, City of Yachats agrees to remove it at once.
- City of Yachats will provide YRFPD a copy of the latest inventory of the conex.

- City of Yachats shall provide YRFPD with key(s) to the conex. YRFPD will endeavor to notify City of Yachats in advance whenever it deems a need to enter the conex, unless an emergency exists.
- Both parties agree that the purpose of the cache of supplies is for emergency lifesaving activities and these supplies will be used as needed in the event of such a disaster.
- City of Yachats intends to equip the conex with heat and/or dehumidification. YRFPD will provide access to a 120 volt AC outlet and the use of electricity for this purpose. City of Yachats will reimburse YRFPD at the rate of \$60 (sixty dollars) per month toward said costs, subject to annual revision to reflect the cost of electricity. This number is based on the average monthly cost for the City of Yachats south conex location.
- YRFPD will endeavor to be a good landlord and will endeavor to advise the City of Yachats of any possible issues with the conex, specifically including a loss of electrical power.

EFFECTIVITY AND CANCELLATION: This MOU will become effective upon approval by both parties. This MOU can be canceled by either party, by notifying the other, in writing. If canceled by YRFPD, City of Yachats will be provided sixty (60) days to move said conex from YRFPD property.

Subject: Emergency Preparedness Committee response to PW&SC Goals

Dear Works & Streets

The Emergency Preparedness Committee is in receipt of the three new goals proposed by the City Council in the document titled Draft 4/10/2023.

We will take them under consideration, and respond when we have more information. Specifically, we need written advice as to what residents' responsibilities are in case of a disaster, in order to communicate this.

Best regards
