Q26. - culture	Median	Mean	Freq:	1	2	3	4	5	Total
	4	4.2		5	17	48	91	149	310

Ledgend:

Median: One type of average, found by arranging the values in order and then selecting the one in the middle.

Mean: The mathematical average of a set of numbers. Calculated by adding up two or more scores and dividing the total by the number of scores.

Freq: The number of times a response occurs in the survey.

Footnote:

Survey prepared and circulated by the City of Yachats during the spring of 2006.
